

Time Technoplast wins top awards in the 2019 edition of The Economic Times Polymer Awards

Mumbai, February 12, 2019: Time Technoplast Limited (“TTL”), a leading technology based innovative polymer product company, today announced it has been recognized in the 2019 edition of the prestigious - *The Economic Times Polymer Awards*, winning the top awards in two different categories. This is an award platform established to recognize and celebrate the excellence achieved by companies in the Indian Plastic Processing industry, across different industrial segments. Topping two of the seven categories in the awards from among large and small enterprises, is clear proof of the company’s focus and excellence in the plastics industry.

The two categories, where the company has won the top awards include *Excellence in Packaging* and *Excellence in General Category*. Time Tech’s new innovative product - QT Drums: PEHD (HM) of 250 liter capacity has been recognized for Excellence in Industrial Packaging. Globally it is a new innovation in this space and Company has received patents for the same in several geographies. In the General Category, Company’s innovation ‘Aqua Pack’ has been recognized as major development for rural empowerment. It is an integrated backpack with PE in-liner for carrying 20 liter water long distance and shall help change the current practice of carrying water on head by ladies in rural areas. This product is part of Company’s CSR initiative and has been widely acclaimed.

Speaking on the occasion, **Mr. Anil Jain, Managing Director & CEO, Time Technoplast Limited**, said, *“These recognitions bear the testimony to our commitment for polymers technology and innovation which had always been our growth drives. We continue to innovate new products / processes which are aimed to make life better and safer. The Economic Times Excellence Award encourages our innovation team to work even harder”*.

The Company has several new technology driven products at different stages of development to support Company’s business for future in its broad based product portfolio.
