ABOUT US

Innovation begins with us or rather we can say that we began with innovation. Way back in 1992, the founder Promoters of Time Technoplast Limited (Time Tech) had a vision to innovate the conventional ways of packaging by making use of durable material that is environmental friendly. Thus began an intensive research to make use of a material that can adapt to different states of matter, that which is durable and long lasting and that which is safe and secure to use. Their vision "Bringing Polymers to Life through Innovation and Technology" lead to conclusion of making use of Polymer (poly means many and mer means parts) as a material for different industrial and commercial applications. Since then, TimeTech has been developing innovative solutions and Products that addresses the needs of Industrial packaging, Lifestyle, Automotive Components, Composite Cylinders, MOX Film and Material Handling in many of which the group enjoys a leadership position . With began as an innovative vision is now India's leading Innovation and Technology driven company with 30 manufacturing locations spread across the globe, of which 19 are in India alone. The group today employs about 3600 personnel and has operational foot prints in geographies like India, UAE, Bahrain, Egypt, Thailand, Vietnam, Malaysia, Indonesia and Taiwan.

True to its vision TimeTech brings the entire universe of Polymers to Life. The product bouquet of the group today consists of Established Products : Industrial Packaging (TechPack – Drum & Jerry Cans, Coni Pails for pails), Infrastructure (Max'M for PE Pipes, & DWC Pipes, FastTrac for prefab shelters, Maxlife for batteries and Dumpo Bins for refuse bins), Lifestyle (DuroTurf, DuroSoft, Meadowz, for entrance matting) Automotive (3S for anti-spray flaps, TechDAT & TechTank for Fuel Tanks) and Value Added Products : Intermediate Bulk Containers (GNX) Composite Cylinder (LiteSafe) & Multi Axel Multi Oriented Cross Laminated Film (MOX).

What has really helped Time Tech to become pioneers, trend-setters and market leaders in rigid industrial polymer packaging is the focus on innovation and fast adaptation of modern technology to enhance and enrich its product portfolio. Time Tech's Litesafe Composite LPG Cylinders is another example of avant-garde product that is revered by the experts, clients and packaging fraternity. Litesafe Composite Cylinders will revolutionize the way India is making use of LPG cylinders. Litesafe Cylinders are extremely safe to use during transit, light in weight and capable of preventing any undue damage to lives by providing adequate safety features.

The product portfolio of Time Tech consists of pioneering products that are designed on the standards of international quality offering versatile usability which are often unprecedented in India. The high manufacturing standards and quality consistency has helped Time Tech to always exceed the client's expectations who look for cutting edge technology and innovative solutions from the company.

Time Tech has taken the path of organic and inorganic growth in a journey beyond two decades thanks to its focus on innovation. For us, Innovation is not only creating new products but increasing efficiency, empowering technology, providing timely wisdom and overcoming fears in times of crisis.

We are happy to share our philosophy of innovation and our continuous journey of success.

MANAGEMENT DISCUSSION AND ANALYSIS

1. OVERVIEW OF ECONOMY

1.1. GLOBAL ECONOMY OVERVIEW

The global economy is in the midst of a decade long slow growth environment characterized by an imminent productivity growth crisis. The looming labor shortage in mature economies and skill deficiencies in emerging markets will add further challenges to global economic prospect. Global financial markets continue to face elevated levels of uncertainty notwithstanding the resilience to the outcomes of Brexit referendum and the US election.

Goldman Sachs expects global growth for 2017 to be 3.5%. US has led the improvement by growing at 2-3% growth, Fiscal easing is also likely under the Trump organisation, Europe's growth forecast is 1.5%, it is consistent with the gradual labour market improvement, Japan's growth rate is in the range of 1%, cause of the weakness in the demographics, and decline in the working age population. China is expected to grow by 6.5 percent, long term concerns remain due to the continued rapid debt growth, which has a potential for financial weakness. Growth is projected to pick up from 2017 onward, almost entirely on account of developments in emerging market and developing economies. This reflects primarily two factors: the gradual normalization of macroeconomic conditions in several countries experiencing deep recessions and the increasing weight of fast-growing countries in this group in the world economy.

1.2. INDIAN ECONOMY OVERVIEW

India's economy is slowly gaining momentum, with an expected GDP growth of 7.3 and 7.5 per cent in 2016 and 2017, respectively. Despite some delays in domestic policy reforms and enduring fragilities in the banking system, investment demand is supported by the monetary easing cycle, rising FDI, and government efforts towards infrastructure investments and public-private partnerships. Economic activity is beginning to firm after demonetization shocked the economy that resulted in massive cash shortages and economic disruptions through the economy at the end of last year and growth is expected to have slowed to a multi-year low in Q3 FY 2017. The manufacturing PMI crossed into expansionary territory in January and imports rebounded. Despite the backdrop of more moderate growth, the government stuck to a market friendly budget for FY 2017. The budget pursued growth-supportive policies while targeting a narrower deficit of 3.2% of GDP and was met with a positive market reaction.

2. INDUSTRY OVERVIEW - RELATED TO OUR PRODUCTS

2.1. Plastic Industry

The plastics industry continues to transform and enter different aspects of life, by making lighter and cost – effective products for various industries. Plastic industry is one of the fastest growing industries in India. The per capita consumption of polymers in India is 11 kg, were as in China it is 38 kg and in Europe it is 65 kg, even compared to the global average of 28 kgs, India has a long way to go. A large percentage of products bought by households for daily use are packaged in plastics, because of visual appeal for customer attraction, convenience the hygiene quotient and shelf-life of the products especially in food and beverages segment plastics have become the product to use in the packaging space. The growth of use of plastics in different segments of the economy has had far reaching implications from increase in crop production to improved food quality also efficient water resource usage. Similar has been their contribution to other key sectors like packaging, auto, infrastructure etc.

2.2. Packaging Industry

Globally packaging stands at USD 700 billion and is one of the fastest growing industries. In most countries packaging has grown at a faster rate than GDP. In India it has grown at a CAGR of 16% in five years. Currently Indian packaging industry constitutes just 4% of global packaging industry, but going forward Indian packaging industry is expected to grow at 18% p.a. within which, flexible packaging and rigid packaging are expected to grow at 25% p.a and 15% p.a respectively.

Rigid/Industrial Packaging

The highest growth in demand of Rigid Packaging is coming from Asia, with its total share in the world market growing to 34%. Interestingly the Western regions will drop its market share as overall growth falters and Asia becomes the growth engine that the world relies on. The most significant end-use market for industrial packaging is the chemicals and pharmaceuticals sector, accounting for more than 30% of total sales. More than three quarters of the steel drum and rigid intermediate bulk containers (IBC) is used by the chemicals sector, it also accounts for more than half of all plastic drums used.

2.3. Chemical Industry

The petrochemicals sector and chemical sector has registered a growth of 8-9% and 13-14% respectively in the last 5 years. The India's chemical industry has witnessed major growth because of the following reasons:

- **Structural advantage:** Opportunity for chemicals companies is substantial because of demand for paints, textiles, adhesives and construction coming from growing disposable incomes, increasing urbanization, growing market and purchasing power. The domestic industry is likely to growth at over 10-13% in the coming years.
- **High domestic consumption:** The largest consumer of chemicals in India is chemicals industry itself, it consumes 33% of its own output. This internal consumption is also set to rise with promising growth trends in the chemicals industry.
- **Diversified industry:** With a large pool of highly-trained scientific manpower and substantial presence of downstream industries in all segments. Diversified Indian chemicals industry produces world-class products.
- **Promising export potential:** 5.4% of India's total exports are chemicals. In the sub-segments of dyes, pharmaceuticals and agro chemicals, India already has a strong export presence. Germany, the UK, the US, Switzerland, Spain, Turkey, Singapore and Japan all import dyes from India.

2.4. Infrastructure sector

A key driver for the Indian economy is the Infrastructure sector. Government is initiating policies that would ensure that this sector propels India's overall development in a creation of world class infrastructure in the country.

Government initiatives –

Land shortage, housing shortfall, congested transit and stressed existing basic amenities such as water, power and open spaces in towns and cities are a result of growing urbanisation. The government has launched a campaign of **Housing for All by 2022** to bridge the demand supply gap and acknowledge the importance of housing issue in the country. In slums housing shortage coupled with lack of proper water management system (sewage/drainage) creates ample opportunities for the piping industry in India. Management of water for the housing and agriculture sectors is a strong driver for growth of pipes.

Another flagship programme of the government aimed to stop open defecation through construction of individual household latrines (IHHL), cluster toilets and community toilets (especially via PPP mode) is the **Swachh Bharat Mission (SBM)**. Waste management is also an important component of the programme. Over 67% of rural households in India lack access to toilets as per 2011 Census, more than 11 crore rural households do not have access to a toilet. There is a huge opportunity for pipe manufacturers created to fulfil sanitation and drinking water facilities requirements.

To provide basic services to household and build amenities in cities the government has also launched its programme - **Atal Mission for Rejuvenation and Urban Transformation (AMRUT)**. The purpose of AMRUT, is to ensure that every household has access to a tap with assured supply of water and sewerage connections, Increase the amenity value of cities by developing greenery and well maintained open spaces (e.g. parks) and reduce pollution by switching to public transport or constructing facilities for non motorised transport (e.g. walking and cycling). AMRUT, a flagship programme to improve the infrastructure of the country could be a future growth driver of the plastic piping industry.

A significant role in this endeavour is played by the plastics industry. Demand for pipes has been growing rapidly in the past decade, The demand for plastic pipes are largely due to:

- Gaining popularity of plastic pipes over traditional/ galvanised iron (GI) pipes
- Huge replacement demand
- Flexibility in terms of transportation, less corrosive and long lasting life
- Easy installation and competitive price in nature.

2.5. Auto industry

Auto industry in India is one the largest in the world, by 2016 Indian automobile market is estimated to become the 3rd largest in the world & more than 5 per cent of the global vehicle sales will happen in India. In 2020 after China, US & Japan, India is expected to become the 4th largest automobiles producer globally. Automobile component exports from India are expected to reach US\$70-billion by 2026 from US\$10.8-billion in FY15-16 as per Automobile Component Manufacturers Association (ACMA) forecasts. The Indian commercial vehicle (CV) industry registered volume growth of 4.5 percent in the financial year 2017 over the previous year. CV Industry growth was driven by favorable economic condition and positive business sentiments. Clarity on GST is required by the buyers as it may bring down Vehicle prices to some extent. There is high potential for plastic usage to rise in auto segment.

2.6. Energy Storage Device

According to Care Ratings report, an ambitious capacity addition target of 100GW of solar capacity addition by 2022 has been set for under India's Solar Programme. Based on reverse auction in the range of ₹2.44-3.30/kWh recently signifies major improvement in cost competitiveness against both alternate renewables as well as conventional sources of power. Of the 100GW of solar capacity addition by 2022, 40GW is expected to get installed under solar rooftop segment and balance is expected to come in the form of grid connected solar capacity (with 3.4GW already installed at time of policy formation as on March 31, 2016).

2.7. LPG INDUSTRY

Globally 240mn cylinders are bought to replace older cylinders every year. There are approx. 2.5bn cylinders in circulation worldwide.

Central government's rapid rollout of clean fuel plan for poor households and fuel subsidy reforms has made India the second-largest domestic LPG (liquefied petroleum gas) consumer in the world. Registering an annual growth rate of 10%, LPG consumption by households has reached 19 million tonnes. Backed by expanding consumer base in urban areas and rapid rollout of the 'Ujjwala' scheme for providing LPG connections free of cost to five crore poor households by 2019, consumption is expected to rise 20 million tonnes. The Ujjwala scheme has turned India into an example for energy experts from other emerging economies still struggling to provide clean fuel to their rural folks. The scheme has covered 1.6 crore poor households, topping the target set for the entire 2016-17 financial year on the back of a massive rural outreach push, just nine months after being launched by the PM in May 2016.

SOARING DEMAND

India's LPG imports soared 23% during 2016-17 to 11 million tonnes, while Japan's slipped 3.2% to 10.6 million tonnes.

3. Business Overview

3.1. Established Products

Our Established product portfolio includes **Industrial Packaging** (Drums, Jerry cans & Pails), **Infrastructure** (HDPE Pipes, DWC Pipes and Energy Storage devices), **Technical & Lifestyle** (Turf & Matting, Disposable Bins & Auto Components) contributed 87% of total revenue. The established portfolio (continued business) grew at 15% to ₹ 23,870 Mn from ₹ 20,734 Mn last year. The EBITDA Margin also increased from 14.20% to 14.30% in this Segment.

The company added 15,000 mt of plastic processing capacity over the last year. Also in the pipes front the company has successfully expanded its capacity by 12,000 mt to 28,000 mt. The Company is in the process of launching full range of structured wall plastic piping system (PE/PP Double Wall Corrugated Pipes) up to 800 mm dia mainly for application in sewerage and drainage collection and disposal system, sewerage/effluent treatment plants in the industrial areas, ducting, etc. Bureau of Indian Standards launched standard specification IS : 16098 Part II paved the way for structured wall plastic piping systems to be used under various schemes sponsored by Central Government, State Governments, Municipal Corporations, and other projects aided by World Bank, ADB and other international agencies. The company is setting up three plants for Double Wall Corrugated Pipes at Silvassa, Pantnagar and Hyderabad.

3.2. Value Added Products

The Value Added portfolio includes Intermediate Bulk Container (IBC), Composite Cylinder & **M**ulti layer multi axis **O**riented **X** cross laminated film (MOX) which contributed 13% of total revenue, grew by 29% from ₹ 2,875 Mn to ₹ 3,698 Mn. Composite cylinders contributed significantly to this growth, we believe going forward that Mox Films and composite cylinders will continue to contribute significantly to the growth of this segment and the company.

IBCs

The company expanded capacity in India and also started manufacturing of IBC in Egypt. The total capacity of IBCs globally has gone upto 6,90,000 units in 6 countries including India. During the current year the company plans to start IBC manufacturing in remaining 3 countries namely Sharjah, Vietnam and Malaysia.

Composite Cylinders

The Company had a very good year in the cylinder front which is experiencing strong underlying growth. The composite cylinders deliver clear advantages over traditional steel cylinder in the form of lower weight, no corrosion, translucence, explosion proof and user friendliness. Production is carried out in state of the art facilities located in Daman (U.T.), India. The Company has taped several countries and entered into agreements which represent important steps in our strategy of securing growth and improved capacity utilization.

Company continues to focused and working in a direction to become a global supplier of composite LPG cylinders. We have approval in more than 48 countries & largest range of Composite Cylinder worldwide (2KG-22KG). The company has allocated dedicated resources toward business development, securing and improving existing market positions and identifying opportunities for further expansion.

The outlook for composite LPG cylinders is promising. Increased focus on health, safety and environmental impact of traditional cooking fuels is expected to increase demand for LPG. The LiteSafe composite cylinders bring clear advantages over traditional steel cylinders in the form of significantly lower weight, no corrosion, translucence, explosion proof and user friendliness.

MOX Films

Company launched its highly technical and innovative MOX film (Multi layer Multi axis Oriented Cross Laminated Film) under the brand 'Techpaulin' in Q1 FY18. The product has taken off and has been received well in the market.

We are appointing distributors & dealers all over India and setting fabrication facility for MOX Films at existing locations in Silvassa, Hosur, Hyderabad, Baddi & Pantnagar for timely delivery.

4. FINANCIAL PERFORMANCE OF THE YEAR:

Net Revenue from operations for the consolidated entity increased to ₹ 27546 Mn, as against ₹ 24,227 Mn in the previous year, registered growth of 13.69% .The EBDITA increased to ₹ 4065 Mn as against ₹ 3500 Mn in the previous year.

Key Ratios:

Sr. No.	Particulars	FY'17	FY'16
1	EBITDA to Net Sales	14.74%	14.44%
2	PAT to Net Sales	5.34%	5.70%
3	Total Debt to Equity	0.54	0.64
4	Debt (Net of Cash) to EBITDA	1.62	1.93
5	Return on Capital Employed	14.68%	13.93%

The overseas business which contributed 29% grew at a much faster rate of 21% to ₹ 7,904 Mn from ₹ 6,539 Mn last year in continued business, because of continues optimization of our business operations.

5. Capital Expenditure

During the year under review i.e. 2016-17, the Company incurred capital expenditure of ₹ 211 Crore.

During the current year 2017-18, the company envisages capex in the range of about 225 Cr to 250 Cr, mainly on the following

1. Manufacturing of Intermediate Bulk Container at 3 overseas location namely, Sharjah,Vietnam & Malaysia.
2. Increase the capacity of Composite Cylinder from 700K to 1,400K
3. Increase the capacity of PE pipes and DWC Pipes
4. Brown field expansion at existing locations to increase the capacity of existing products.
5. Automation, re-engineering & debottlenecking at existing plants as may be required

6. KEY RISK:

The major raw materials for all our business segment are PE granules. We satisfy most of our needs through purchases on the open market or under short-term and long-term supply agreements. Our all raw materials are purchased in highly competitive, price-sensitive markets, which have historically exhibited price, demand and supply cyclicalities. We import majority of our raw materials from near by countries and balance are purchased from local manufacturer.

HDPE is the world's third largest commodity plastic resin after polyvinyl chloride (PVC) and polypropylene (PP). High Density Polyethylene (HDPE) is one of the most widely used plastics in several industrial sectors such as packaging, construction and automotive. Since 2000, production of HDPE has increased more than 20% per annum and a large portion of this was contributed by Saudi Arabia.

However, we have not recently experienced any significant difficulty in obtaining our principal raw materials. A surge in new plastics chemical capacity coming from low-cost producers in North America, the Middle East and China is driving the global market for key plastics called polyethylene (PE) and polypropylene (PP) to oversupply, which will pressure margins for producers and change the global competitive landscape. In India, PE major ONGC Petro additions Ltd (OPaL), started its two 360 KTA LLDPE/HDPE swing lines in 2017. Reliance Industries Ltd (RIL), which is also a polyolefins major, is on track to start up its LDPE and LLDPE/HDPE swing lines in FY 2017.

We are subject to various other risks associated with operating in countries outside India, such as the following:

- Ø political, social, economic and labor instability which has commonly been associated with developing countries but presently is also
- Ø impacting several industrialized countries;
- Ø war, invasion, civil disturbance or acts of terrorism;
- Ø changes in government policies and regulations;
- Ø imposition of limitations on conversions of currencies into United States dollars or remittance of dividends and other payments by overseas subsidiaries;
- Ø imposition or increase of withholding and other taxes on income remittances and other payments by international subsidiaries;
- Ø hyperinflation, currency devaluation or defaults in certain countries;
- Ø restrictive governmental trade policies, customs, import/export and other trade compliance regulations

7. HUMAN RESOURCES OVERVIEW:

People development has always been a focus area for the Company. Over the past couple of years, the business environment has become increasingly complex and challenging. We have audited the accompanying standalone financial statements of **TIME TECHNOPLAST LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March, 2017, the Statement of Profit and Loss (including other comprehensive income) , the Cash Flow Statement and the statement of Changes in Equity for the year then ended and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

2. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act ,2013 ("the Act") with respect to the preparation of these standalone financial statements to give true and fair view of the financial position, financial performance (including other comprehensive income) , cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified in the Companies (Indian Accounting Standards) Rules , 2015 (as amended) under Section 133 of the Act. This Responsibility also includes maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities ; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and free from material misstatement , whether due to fraud and error.

Auditors' Responsibility

3. Our responsibility is to express an opinion on these standalone financial statements based on our audit.
4. We have taken into account the provision of the Act and the Rules made thereunder including the accounting standards and matters which are required to be included in the audit report under the provision of the Act and the Rules made thereunder.
5. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act and other applicable authoritative pronouncement issued by the Institute of Chartered Accountants of India. Those Standards and pronouncements require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.
6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers the internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view, in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.
7. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

8. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2017, and its profit (including other comprehensive income), its cash flows and the change in equity for the year ended on that date.

Other Matter

9. The financial information of the Company for the year ended March 31, 2016 and the transition date opening balance sheet as at April 1, 2015 included in these standalone financial statements, are based on the previously issued statutory financial statements for the years ended March 31, 2016 and March 31, 2015 prepared in accordance with the Companies (Accounting Standards) Rules, 2006 (as amended) which were audited by us, on which we expressed an unmodified opinion dated May 28, 2016 and May 30, 2015 respectively. The adjustments to those financial statements for the differences in accounting principles adopted by the Company on transition have been audited by us.

Report on Other Legal and Regulatory Requirements

10. As required by the Companies (Auditor's Report) Order, 2016, issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act (hereinafter referred to as the "Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure B a statement on the matters specified in paragraphs 3 and 4 of the Order.
11. As required by section 143(3) of the Act, we report that:
- (a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) in our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - (c) the Balance Sheet, Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement and the statement of change in equity dealt with by this Report are in agreement with the books of account;
 - (d) in our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on March 31, 2017 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2017 from being appointed as a director in terms of section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the company and the operating effectiveness of such controls, refer to our separate Report in Annexure A.
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our knowledge and belief and according to the information and explanations given to us :
 - i) The Company has disclosed the impact, if any, of pending litigations as at March 31, 2017 on its financial position in its standalone financial statements.
 - ii) The Company has made provision as at March 31, 2017, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.

ANNEXURE A TO INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 11(f) of the Independent Auditors' Report of even date to the members of Time Technoplast Limited on the standalone financial statements for the year ended March 31, 2017.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls over financial reporting of Time Technoplast Limited ("the Company") as of March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that
 - (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

- 7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

- 8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2017**Note 1-STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES:****I. Background**

Time Technoplast Ltd (TTL or the company) incorporated in India is a multinational conglomerate involved in the manufacturing of technology and innovation driven polymer & Composite products .

II. Significant Accounting Policies followed by the Company**(a) Basis of Preparation****i) Compliance with Ind AS**

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

These financial statements for the year ended 31st March, 2017 are the first financials with comparatives, prepared under Ind AS. For all previous periods including the year ended 31st March, 2016, the Company had prepared its financial statements in accordance with the accounting standards notified under companies (Accounting Standard) Rule, 2006 (as amended) and other relevant provisions of the Act (hereinafter referred to as 'Previous GAAP') used for its statutory reporting requirement in India.

The accounting policies are applied consistently to all the periods presented in the financial statements, including the preparation of the opening Ind AS Balance Sheet as at 1st April, 2015 being the date of transition to Ind AS.

ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following which have been measured at fair value :

1. certain financial assets and liabilities are measured at fair value;
2. defined benefit plans;

iii) Current & non current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle (twelve months) and other criteria set out in the Schedule III to the Act.

iv) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

(b) Use of estimates and judgments

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2017**(c) Property, plant and equipment****Tangible Assets**

Freehold land is carried at cost. All other items of property, plant and equipment are stated at cost less depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Leasehold land is stated at historical cost less amounts written off proportionate to expired lease period.

Fixed Assets manufactured / constructed in house are valued at actual cost of raw materials, conversion cost, and other related cost, less accumulated depreciation.

Depreciation methods, estimated useful lives and residual value

Depreciation on fixed assets is provided on straight line method over the useful lives of assets specified in Schedule II of the Act.

Useful life considered for calculation of depreciation for various assets class are as follows

Category	Useful Life
Factory Buildings	30 Years
Office Premises	45 Years
Plant, Machinery & Moulds	7-15 Years
Furniture & Fixture	10 Years
Office Equipment	3-5 Years
Vehicles	8-10 Years
Computers & Software	3 Years

The management believes that the useful life as given above best represent the period over which the management expects to use these assets. The Company reviews the useful life and residual value at each reporting date.

Depreciation on assets added/sold or discarded during the year is being provided on pro-rata basis up to the date on which such assets are added/sold or discarded.

Gain & Losses on disposal are determined by comparing proceeds with carrying amount. These are included in the statement of Profit and Loss.

(d) Intangible Assets**Computer software**

Computer software are stated at cost, less accumulated amortization and impairments, if any.

Amortization method and useful life

The company amortizes computer software using straight-line method over the period of 3 years .

Gain & Losses on disposal are determined by comparing proceeds with carrying amount. These are included in the statement of Profit and Loss.

(e) Lease

A lease is classified at the inception date as a finance lease or an operating lease. Leases under which the Company assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of the minimum lease payments at the inception of the lease,

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2017

whichever is lower. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized in finance costs in the statement of profit and loss.

Other leases are treated as operating leases, with payments are recognised as expense in the statement of profit & loss on a straight-line basis over the lease term.

(f) Cash & Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash and Cheque in hand, bank balances, demand deposits with banks and other short-term highly liquid investments with maturities of three months or less that are readily convertible to known amounts of cash & which are subject to an insignificant risk of changes in value.

(g) Inventories

Inventories of Raw Materials, Work-in-Progress, Stores and spares, Finished Goods and Stock-in-trade are stated 'at cost or net realisable value, whichever is lower'. Goods-in-Transit if any are stated 'at cost'. Cost comprise all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. The excise duty in respect of closing inventory of finished goods is included as part of finished goods. Cost formulae used are 'First-in-First-out', 'Weighted Average cost' or 'Specific identification', as applicable.

(h) Investment in subsidiaries and Joint ventures

Investments in subsidiaries and joint ventures are recognised at cost as per Ind AS 27. Except where investments accounted for at cost shall be accounted for in accordance with Ind AS 105, Non-current Assets Held for Sale and Discontinued Operations, when they are classified as held for sale.

(i) Investment and other financial assets**(i) Classification**

The Company classifies its financial assets in the following measurement categories:

1. those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss), and
2. those measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

(ii) Measurement

At initial recognition, the Company measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through the Profit and Loss are expensed in the Statement of Profit and Loss.

Debt instruments:

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. The Company classifies its debt instruments into following categories:

1. **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2017

- 2. Fair value through profit and loss:** Assets that do not meet the criteria for amortised cost are measured at fair value through Profit and Loss. Interest income from these financial assets is included in other income.

Equity instruments:

The Company measures its equity investment other than in subsidiaries, joint ventures and associates at fair value through profit and loss. However where the Company's management makes an irrevocable choice on initial recognition to present fair value gains and losses on specific equity investments in other comprehensive income (Currently no such choice made), there is no subsequent reclassification, on sale or otherwise, of fair value gains and losses to the Statement of Profit and Loss.

(iii) Impairment of financial assets

The Company measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

(iv) Income recognition**Interest income**

Interest income from debt instruments is recognized using the effective interest rate method.

Dividends

Dividends are recognized in the Statement of Profit and Loss only when the right to receive payment is established.

(j) Impairment of non- financial assets

The Company assesses at each reporting date whether there is any objective evidence that a non-financial asset or a group of non-financial assets are impaired. If any such indication exists, the Company estimates the amount of impairment loss. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the individual asset/cash generating unit is made.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognised in profit or loss. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, then the previously recognized impairment loss is reversed through profit or loss.

(k) Derivative financial instruments

Derivative financial instruments such as forward foreign exchange contracts, to hedge its foreign currency risks are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value with changes in fair value recognised in the Statement of Profit and Loss in the period when they arise.

(l) Segment Reporting:

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2017**(m) Borrowing Costs**

Borrowing costs include exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

(n) Provision & contingent liabilities

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.

(o) Revenue recognition

Revenue from sale of goods is recognised when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated cost can be estimated reliably, there is no continuing effective control or managerial involvement with the goods, and the amount of revenue can be measured reliably.

Revenue from rendering of services is recognised when the performance of agreed contractual task has been completed.

Revenue from sale of goods is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment .

Revenue from sale of goods is net of taxes and recovery of charges collected from customers like transport, packing etc. Provision is made for returns when appropriate. Revenue is measured at the fair value of consideration received or receivable and is net of price discounts, allowance for volume rebates, and similar items.

(p) Employee benefits**(i) Short term employee benefits**

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

(ii) Post –employment Benefits

The Company operates the following post-employment schemes:

- a. defined benefit plans such as gratuity ; and
- b. defined contribution plans such as provident fund.

Defined Benefit Plans

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2017

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Defined Contribution plans

Under defined contribution plans, provident fund, the Company pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. Defined Contribution plan comprise of contributions to the employees' provident fund with the government, superannuation fund and certain state plans like Employees' State Insurance and Employees' Pension Scheme. The Company's payments to the defined contribution plans are charged to Statement of Profit and Loss as incurred.

Other employee benefits

The liabilities for earned leave is determined on the basis of accumulated leave to the credit of the employees as at the year end charged to the statement of profit and loss as per the Company's rules being the short term benefits.

(q) Foreign Currency translation**(i) Functional and presentation currency**

The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

(ii) Transactions and balances

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets, are capitalized as cost of assets.

(r) Tax Expenses

The tax expense for the period comprises current and deferred tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the comprehensive income or in equity. In which case, the tax is also recognised in other comprehensive income or equity.

Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance Sheet date.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2017**Deferred tax**

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

(s) Earning per share**Basic earnings per share**

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year,

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares

(t) Cash Flow statement

Cash flows are reported using the indirect method whereby the profit before tax is adjusted for the effect of the transactions of a non-cash nature, any deferrals or accruals of past and future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

36. Financial Risk Management**Financial risk management objectives and policies**

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the Managing Board.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

Market Risk- Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize the Company's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

Borrowing Bearing variable rate of interest	43,540.49	44,828.61	45,038.81

Market Risk- Foreign currency risk

The Company operates internationally and portion of the business is transacted in several currencies. Consequently the Company is exposed to foreign exchange risk through its sales and services in overseas and purchases from overseas suppliers in various foreign currencies. Exports of the company are significantly lower in comparison to its imports. Foreign currency exchange rate exposure is partly balanced by exports of goods and prudent hedging policy.

The following Table Shows foreign Currency exposures in USD on financial instrument at the end of the reporting period .

Open Foreign Currency Exposure Payable- Net	89.23	5,786.65	95.93	6,356.60

Credit risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2017

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forward-looking information such as:

- Actual or expected significant adverse changes in business
- Actual or expected significant changes in the operating results of the counterparty
- Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations
- Significant increase in credit risk on other financial instruments of the same counterparty

Liquidity Risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time, or at a reasonable price. The Company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risk are overseen by senior management. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

The table below analyses the financial liability of the company into relevant maturity groupings based on the remaining period from reporting date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flow.

39. Fair Value Measurement

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2017

- Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The carrying amounts and fair values of financial instruments by category are as follows:

41. First Time adoption of IND AS

The Company has adopted Indian Accounting Standards (Ind AS) as notified by the Ministry of Corporate Affairs with effect from April 1st, 2016, with a transition date of 1st April, 2015. The adoption of Ind AS has been carried out in accordance with Ind AS 101, First-time Adoption of Indian Accounting Standards. Ind AS 101 requires that all Ind AS standards and interpretations that are issued and effective for the first Ind AS financial statements for the year ended 31st March, 2017, be applied retrospectively and consistently for all financial years presented. However, in preparing these Ind AS financial statements, the Company has availed of certain exemptions and exceptions in accordance with Ind AS 101, as explained below. The resulting difference between the carrying values of the assets and liabilities in the financial statements as at the transition date under Ind AS and Previous GAAP have been recognised directly in equity (retained earnings or another appropriate category of equity).

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

A. Optional Exemptions availed**(a) Deemed Cost**

The Company has opted paragraph D7 AA and accordingly considered the carrying value of property, plant and equipments and Intangible assets as deemed cost as at the transition date.

(b) Investments in subsidiaries, Joint Venture and associate

The Company has opted para D14 and D15 and accordingly considered the Previous GAAP carrying amount of Investments as deemed cost as at the transition date.

B. Applicable Mandatory Exceptions**(a) Estimates**

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies).

Ind AS estimates as at 1 April 2015 are consistent with the estimates as at the same date made in conformity with previous GAAP. The company made estimates for following items in accordance with Ind AS at the date of transition as these were not required under previous GAAP:

- Impairment of financial assets based on expected credit loss model.

C. Transition to Ind AS - Reconciliations

- I. Reconciliation of Balance sheet as at April 1, 2015 and March 31, 2016
- II. Reconciliation of Total Comprehensive Income for the year ended March 31, 2016
- III. Reconciliation of Equity as at April 1, 2015 and as at March 31, 2016

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2017**Notes to first time adoption****Proposed Dividend**

Under the previous GAAP, dividends proposed by the board of directors after the balance sheet date but before the approval of the financial statements were considered as adjusting events and accordingly, provision for proposed dividend was recognised as a liability. Under Ind AS, such dividends are recognised when the same is approved by the shareholders in the general meeting.

Remeasurements of post employment benefit obligation

Under Ind AS, remeasurements i.e. actuarial gains and losses and the return on plan assets, excluding amounts included in the net interest expense on the net defined benefit liability are recognised in other comprehensive income instead of profit and loss.

Other comprehensive income

Under Ind AS, all items of income and expense recognised in a period should be included in profit or loss for the period, unless a standard requires or permits otherwise. Items of income and expense that are not recognised in profit or loss but are shown in the statement of profit and loss as 'other comprehensive income' includes remeasurements of defined benefit plans. The concept of other comprehensive income did not exist under previous GAAP.

INDEPENDENT AUDITORS' REPORT

**To,
The Members of
TIME TECHNOPLAST LIMITED**

Report on the Consolidated Financial Statements

1. We have audited the accompanying consolidated Financial Statements of Time Technoplast Limited ("hereinafter referred to as the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), and its joint venture Companies, comprising of the Consolidated Balance Sheet as at March 31, 2017, the Consolidated Statement of Profit and Loss (including other comprehensive Income), the Consolidated Cash Flow Statement for the year then ended and the statement of changes in equity for the year then ended, and a summary of significant accounting policies and other explanatory information prepared based on the relevant records. (hereinafter referred to as "the Consolidated Financial Statements").

Management's Responsibility for the Consolidated Financial Statements

2. The Holding Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 (the "Act") with respect to the preparation of these consolidated financial statements to give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows and changes in equity of the Group including its joint venture in accordance with accounting principle generally accepted in India including the Accounting Standards specified in the Companies (Indian Accounting Standards) Rules, 2015 (as amended) under Section 133 of the Act. The Holding Company's Board of Directors is also responsible for ensuring accuracy of records including financial information considered necessary for the preparation of Consolidated Financial Statements. The respective Board of directors of the companies included in the Group and of its joint venture are responsible for maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding the assets of the Group and its joint venture respectively and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and free from material misstatement, whether due to fraud or error, which has been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditors' Responsibility

3. Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provision of the Act and the rules made thereunder including the accounting standards and matters which are required to be included in the audit report.
4. We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under Section 143 (10) of the act and other applicable authoritative pronouncement issued by the Institute of Chartered Accountants of India. Those Standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.
5. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view, in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness

of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

6. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their report referred to in sub-paragraph 8 of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Opinion

7. In our opinion and to the best of our information and according to the explanation given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of the Group, its joint venture as at 31st March, 2017, and their consolidated profit (including other comprehensive income) their consolidated cash flows and consolidated changes in equity for the year ended on that date.

Other Matters

8. We did not audit the financial statements of Subsidiaries included in the consolidated financial statements, which constitute total assets of ₹101,336.30 Lacs as at 31st March 2016 and the Total Profit of ₹ 4,581.84 Lacs for the year then ended ; and Joint Ventures which constitute total assets and the Total Loss considered for consolidation is ₹ 2,047.20 Lacs and ₹ 60.17 Lacs respectively for the year then ended. These financial statements and other financial information have been audited by other auditors whose reports have been furnished to us by the Management, and our opinion on the consolidated financial statements to the extent they have been derived from such financial statements is based solely on the report of such other auditors.

Our opinion on the consolidated financial statements and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements certified by the Management.

9. The comparative financial information of the Company for the year ended March 31, 2016 and the transition date opening balance sheet as at April 1, 2015 included in these consolidated financial statements, are based on the previously issued statutory financial statements for the years ended March 31, 2016 and March 31, 2015 prepared in accordance with the Companies (Accounting Standards) Rules, 2006 (as amended) which were audited by us, on which we expressed an unmodified opinion dated May 28, 2016 and May 30, 2015 respectively. The adjustments to those financial statements for the differences in accounting principles adopted by the Company on transition to the have been audited by us.

Our opinion is not qualified in respect of these matters.

Report on Other Legal and Regulatory Requirements

10. As required by section 143(3) of the Act, we report, to the extent applicable, that:
 - (a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;

ANNEXURE A TO INDEPENDENT AUDITORS REPORT

Referred to in paragraph 10 (f) of the Independent Auditors' Report of even date to the members of Time Technoplast Limited on the consolidated financial statements for the year ended March 31, 2017

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

1. In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2017, we have audited the internal financial controls over financial reporting of Time Technoplast Limited ("hereinafter referred to as "the Holding Company"), and its subsidiary companies and its Joint venture companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

2. The respective Board of Directors of the Holding company, its subsidiary companies and its joint venture companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on "internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that
 - (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

- 7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

- 8. In our opinion, the Holding Company, its subsidiary companies, its associate and joint venture companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

- 9. Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to subsidiary companies, joint venture companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India. Our opinion is not qualified in respect of this matter.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2017**Note 1-STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES:****I. Background**

Time Technoplast Ltd (TTL or the company) incorporated in India is a multinational conglomerate involved in the manufacturing of technology and innovation driven polymer & Composite products.

II. Significant Accounting Policies followed by the Company**(a) Basis of Preparation****i) Compliance with Ind AS**

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

These financial statements for the year ended 31st March, 2017 are the first financials with comparatives, prepared under Ind AS. For all previous periods including the year ended 31st March, 2016, the Company had prepared its financial statements in accordance with the accounting standards notified under companies (Accounting Standard) Rule, 2006 (as amended) and other relevant provisions of the Act (hereinafter referred to as 'Previous GAAP') used for its statutory reporting requirement in India.

The accounting policies are applied consistently to all the periods presented in the financial statements, including the preparation of the opening Ind AS Balance Sheet as at 1st April, 2015 being the date of transition to Ind AS. The Financial statements of the holding company, its subsidiaries and its joint venture have been consolidated using uniform accounting policies.

ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following which have been measured at fair value :

1. certain financial assets and liabilities are measured at fair value;
2. defined benefit plans;

iii) Current & non current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle (twelve months) and other criteria set out in the Schedule III to the Act.

iv) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

(b) Principle of Consolidation

The Consolidated financial statements relate to Time Technoplast limited ("the company") and its subsidiary companies, and Joint Venture companies. The consolidated financial statements have been prepared on the following basis:

- i) The financial statements of the Company and its subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, equity, incomes, expenses and cash flows, after fully eliminating intra-group balances and intra-group transactions.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2017

- ii) Profits or losses resulting from intra-group transactions that are recognised in assets, such as inventory and property, plant & equipment, are eliminated in full.
- iii) In case of foreign subsidiaries, revenue items are consolidated at the average rate prevailing during the year. All assets and liabilities are converted at rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognised in the Foreign Currency Translation Reserve.
- iv) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary.
- v) The difference between the proceeds from disposal of investment in subsidiaries and the carrying amount of its assets less liabilities as on the date of disposal is recognised in the Consolidated Statement of Profit and Loss being the profit or loss on disposal of investment in subsidiary.
- vi) Non Controlling Interest's share of profit / loss of consolidated subsidiaries for the year is identified and adjusted against the income of the group in order to arrive at the net income attributable to shareholders of the Company.
- vii) Non Controlling Interest's share of net assets of consolidated subsidiaries is identified and presented in the Consolidated Balance Sheet separate from liabilities and the equity of the Company's shareholders.
- viii) Investment in Joint Ventures has been accounted under the proportionate consolidation method

III. Other Significant Accounting Policies

These are set out under "significant Accounting Policies" as given in the company's standalone financial statements

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2017**33. Segment reporting**

The Group's operating segments are established on the basis of those components of the group that are evaluated regularly by the Executive Committee (the 'Chief Operating Decision Maker' as defined in Ind AS 108 - 'Operating Segments'), in deciding how to allocate resources and in assessing performance. These have been identified taking into account nature of products and services, the differing risks and returns and the internal business reporting systems.

The Group has two principal operating and reporting segments; viz. Polymer and Composite.

The accounting policies adopted for segment reporting are in line with the accounting policy of the Company with following additional policies for segment reporting.

- Revenue and Expenses have been identified to a segment on the basis of relationship to operating activities of the segment. Revenue and Expenses which relate to enterprise as a whole and are not allocable to a segment on reasonable basis have been disclosed as "Unallocable".
- Segment Assets and Segment Liabilities represent Assets and Liabilities in respective segments. Investments, tax related assets and other assets and liabilities that cannot be allocated to a segment on reasonable basis have been disclosed as "Unallocable".

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2017

34. Financial Risk Management

Financial risk management objectives and policies

The Groups and its Joint venture Company's financial risk management is an integral part of how to plan and execute its business strategies. The Groups financial risk management policy is set by the Managing Board.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

Market Risk- Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize the groups position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio

Borrowing Bearing variable rate of interest	51,349.67	55,477.58	63,631.92

Market Risk- Foreign currency risk

The group operates internationally and portion of the business is transacted in several currencies. Consequently the Company is exposed to foreign exchange risk through its sales and services in overseas and purchases from overseas suppliers in various foreign currencies. Exports of the company are significantly lower in comparison to its imports. Foreign currency exchange rate exposure is partly balanced by exports of goods and prudent hedging policy.

Credit risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the group periodically assess financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forward-looking information such as:

- i) Actual or expected significant adverse changes in business

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2017

- ii) Actual or expected significant changes in the operating results of the counterparty
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations
- iv) Significant increase in credit risk on other financial instruments of the same counterparty

Liquidity Risk

Liquidity risk is defined as the risk that the group will not be able to settle or meet its obligations on time, or at a reasonable price. The Company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related such risk are overseen by senior management. Management monitors the groups net liquidity position through rolling forecasts on the basis of expected cash flows.

The table below analyse the financial liability of the group into relevant maturity groupings based on the remaining period from reporting date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flow.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2017**37. Fair Value Measurement**

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.
- Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The carrying amounts and fair values of financial instruments by category are as follows:

39. First Time adoption of IND AS

The Group has adopted Indian Accounting Standards (Ind AS) as notified by the Ministry of Corporate Affairs with effect from April 1st, 2016, with a transition date of 1st April, 2015. The adoption of Ind AS has been carried out in accordance with Ind AS 101, First-time Adoption of Indian Accounting Standards. Ind AS 101 requires that all Ind AS standards and interpretations that are issued and effective for the first Ind AS financial statements for the year ended 31st March, 2017, be applied retrospectively and consistently for all financial years presented. However, in preparing these Ind AS financial statements, the Company has availed of certain exemptions and exceptions in accordance with Ind AS 101, as explained below. The resulting difference between the carrying values of the assets and liabilities in the financial statements as at the transition date under Ind AS and Previous GAAP have been recognised directly in equity (retained earnings or another appropriate category of equity).

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

A. Optional Exemptions availed

(a) Deemed Cost

The Company has opted paragraph D7 AA and accordingly considered the carrying value of property, plant and equipments and Intangible assets as deemed cost as at the transition date.

B. Applicable Mandatory Exceptions

(a) Estimates

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies).

Ind AS estimates as at 1 April 2015 are consistent with the estimates as at the same date made in conformity with previous GAAP. The company made estimates for following items in accordance with Ind AS at the date of transition as these were not required under previous GAAP:

- Impairment of financial assets based on expected credit loss model.

C. Transition to Ind AS - Reconciliations

- I. Reconciliation of Balance sheet as at April 1, 2015 and March 31, 2016
- II. Reconciliation of Total Comprehensive Income for the year ended March 31, 2016
- III. Reconciliation of Equity as at April 1, 2015 and as at March 31, 2016

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2017**Notes to first time adoption****Proposed Dividend**

Under the previous GAAP, dividends proposed by the board of directors after the balance sheet date but before the approval of the financial statements were considered as adjusting events and accordingly, provision for proposed dividend was recognised as a liability. Under Ind AS, such dividends are recognised when the same is approved by the shareholders in the general meeting.

Remeasurements of post employment benefit obligation

Under Ind AS, remeasurements i.e. actuarial gains and losses and the return on plan assets, excluding amounts included in the net interest expense on the net defined benefit liability are recognised in other comprehensive income instead of profit and loss.

Other comprehensive income

Under Ind AS, all items of income and expense recognised in a period should be included in profit or loss for the period, unless a standard requires or permits otherwise. Items of income and expense that are not recognised in profit or loss but are shown in the statement of profit and loss as 'other comprehensive income' includes remeasurements of defined benefit plans. The concept of other comprehensive income did not exist under previous GAAP.
