

CLEAR SPRAY

FLAPS

Suppresses the spray & absorbs kinetic energy

Guides water downwards avoids spray whirls

CLEAR SPRAY Flaps conforms to European legislation for energy absorbing flaps bearing homologation mark A*e4*0185.

- CLEAR SPRAY Flaps consist of multiple turfs / grass blades with a rigid backing, at the same time it is flexible enough for easy fitment.
- Unique design allows easy clean and low maintenance.
- Customised size and branding / logo printing possible
- CLEAR SPRAY Flaps are made from polyehaline compound and are recyclable and environment friendly.
- CLEAR SPRAY Flaps conforms to European legislation for energy absorbing flaps bearing homologation mark A*e4*0185.

Some additional pointers on why CLEAR SPRAY Flaps are better than conventional flaps:

Test with conventional Flaps

Conventional Flaps

- Spray water and dirt into the air
- Create an artificial fog of water and dirt on windows, rear view mirrors, road signs, etc.
- Results in poor visibility
- Increases accidents

Test with CLEAR SPRAY FLAPS

CLEAR SPRAY FLAPS

- Suppresses spray
- Reduces pulverization of water
- Durable and reliable
- Strong and flexible
- Rigid backing
- Clear vision
- Reduces accidents
- Improves safety
