Dear Sir/Madam,

Sub: Bureau of Indian Standards (BIS) (IS 14885:2022) License Received for Our New Product i.e. PE Pipe for Gas Distribution under existing PE Pipe Segment.

Ref: Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

Further to our earlier intimation dated March 03, 2025, regarding the planned introduction of **Polyethylene (PE) Pipes for the Gas Distribution** sector, we wish to inform you that the **Company** has **successfully obtained the Bureau of Indian Standards (BIS) License under IS 14885:2022** for the manufacturing and sale of PE Pipes for Gas Distribution networks.

This development has been achieved within the committed timeline of Q2 FY26 and marks the fulfilment of a key milestone as outlined in our earlier communication.

PE Pipes offer significant advantages including lightweight design, high durability, and extended service life—factors that will strengthen Time Technoplast's market presence and contribute to sustainable infrastructure growth.

Highlights From Previous Press Release:

- **Strong Industry Presence:** Supplies PE Pipes across sectors including water supply, irrigation, sewage, effluent treatment, desalination, power plants, and cable ducting.
- **Expanding Customer Base:** Targeting 20+ public and private Gas Distribution companies alongside existing EPC clients.
- **Growth Outlook:** Enhanced capacity utilization with minimal investment, supporting the Company's forecasted 30% growth in the PE pipe segment.
- **Nation-Building Contribution:** Aligned with national initiatives such as Jal Jeevan Mission, PM Ujjwala Yojana, Smart Cities, and road infrastructure projects through metal-to-PE pipe replacement.

- **Sectoral Opportunity:** India's PE Pipe market is projected to reach \$ 13.7 billion by 2029, driven by urbanization, expanding gas networks, and water management needs.

Time Technoplast Limited is a leading manufacturer of advanced polymer products, offering innovative and sustainable solutions across industrial packaging, infrastructure, lifestyle, and automotive sectors. The Company is committed to driving India's growth through technology, quality, and customer-centricity. The addition of PE Pipes for Gas Distribution strengthens company's leadership in the polymer-based infrastructure segment.

You are requested to take note of the same.
